19%	28%	25%	28%		30% Percentage from RRH and PSH who improve income

Highlighted Stat YTD FY19: The CoC has, over the past year, endeavored to serve those who are homeless the longest, and yet still have success in housing and retention. In previous years, those who were served and housed **were homeless for less than a year**. In **FY19**, the households **we serve are averaging more than 3 years of homelessness** when they enter a project and are housed. We are housing higher acuity of need populations who are long term homeless and we are succeeding a rate higher than ever.

All Projects Include: Outreach, Diversion, Emergency Shelter, Transitional Housing, Permanent Supportive Housing and Rapid Re-Housing

DATA PREPARED BY THE SUNCOAST PARTNERSHIP TO END HOMELESSNESS, the HMIS LEAD AGENCY based wholly on data entered by the community partners who utilize HMIS.

Number of households who completed a Oneby1 Access Point Intake

FY 19 YTD — 1,180 households

FY 20 YTD — 441 households
