

## CoC FY22 2nd Quarter Community Dashboard

FY 20	FY 21	Second Quarter FY 21 (YTD)	Second Quarter FY 22 (YTD)	GOALS FY 22	
1,009	857	566	596		1250 Permanent Positive Outcomes from All Projects
271	248	151	225		325 High and Highest Acuity of Need housed with a Permanent Positive Outcome
68%	48%	69%	45%		85% Percentage of PSH or RRH with a Permanent Positive Outcome
83%	83%	87%	52%		85% Percentage maintaining Permanent Positive Outcome (PSH or RRH)
83	78	83	82		<60 days Days between entry into a housing project for Rapid Re-Housing and Housing Move-in Date
35%	29%	28%	27%		30% Percentage from RRH and PSH who improve income

**Highlighted Stat YTD FY22:** Our CoC continues to serve those who are homeless the longest and of highest acuity. In the midst of the COVID-19 pandemic, our community has had great success and great challenges. This tension is reflected on the Q2 Dashboard. While 596 clients have had permanent positive outcomes and 225 are high and highest acuity, only 45% of those in Rapid Rehousing and Permanent Supportive Housing had a permanent positive outcome. This tension reflects both the continued rehousing efforts of our partner agencies in midst of these unprecedented times and the severely burdened rental and housing market within our CoC. As we move through 2022, our system will continue to pivot to meet the community need and collaborate to move those experiencing homelessness to housing as quickly as possible.

*(All Projects Include: Outreach, Diversion, Emergency Shelter, Transitional Housing, Permanent Supportive Housing and Rapid Re-Housing)*

*DATA PREPARED BY THE SUNCOAST PARTNERSHIP TO END HOMELESSNESS, the HMIS LEAD AGENCY based wholly on data entered by the community partners who utilize HMIS.*

Number of households who completed a Oneby1 Access Point Intake

FY 21 YTD — 857 households

FY 22 YTD — 618 households
